Re: Request for Disclosure of Evidence – Case No. 0002180T

Dear Ms Lineker,

I am writing in connection with the upcoming hearing scheduled for 30 September 2024 at Birmingham Magistrates Court, where I, Andrew Logie, am the defendant in a matter concerning an alleged offence on 28 July 2023.

I have received the Summons and accompanying witness statement that relies on CCTV footage and still photographs referred to as **Exhibit 1065** and **Exhibit RKAL2**. In order to prepare a fair and adequate defence, I am formally requesting full disclosure of the following materials:

1. **Complete CCTV Footage:**
 - Full unedited video footage from which Exhibit 1065 was derived, including all relevant timestamps and metadata associated with the recording. This should cover the entire period referenced in the witness statements and should not be limited to selected clips.
2. **Still Photographs:**
 - Copies of the original still photographs referred to as Exhibit RKAL2, including all associated metadata. If these photographs have been extracted from the CCTV footage, please provide information regarding the time and sequence of extraction.
3. **Chain of Custody Documentation:**
 - Information on the handling and storage of the CCTV footage and photographs, including any logs or records detailing who accessed the evidence and when, to ensure its integrity.
4. **Witness Statements and Evidence Logs:**

- Any further statements, logs, or reports prepared in relation to these exhibits, including any analysis or commentary that Birmingham City Council intends to rely upon during the hearing.

This disclosure is essential to ensure that I have a fair opportunity to review the evidence in full, understand the context, and respond appropriately. I request that these materials be provided at the earliest opportunity and no later than 14 days before the scheduled hearing date to allow sufficient time for preparation.

Should there be any difficulties in complying with this request, please inform me immediately so that I may consider the appropriate applications to the court for directions.

I look forward to your prompt response and cooperation in this matter.

Yours faithfully,

A handwritten signature in cursive script that reads "A Logie".

Andrew Logie
